## Certificate in Wound Debridement

-  Online
-  Level 7, 15 credits
-  Part-time: 26 weeks
-  See [op.ac.nz](http://op.ac.nz) for fees

### What you study

The course curriculum is designed by the New Zealand Wound Care Society (NZWCS) in partnership with Wendy White WoundCare. This unique micro-credentialed course incorporates WOUNDED® learning resources with NZWCS-specific content.

Course learning includes online, self-directed learning, facilitated virtual tutorials, a two-day CSWD skills face-to-face practicum (this includes a multidisciplinary approach to lower leg and diabetic foot disease), and one-on-one mentoring in clinical practice to gain competency. If you are unable to find a suitable mentor please contact the NZWCS for assistance.

### Course requirements

Registered health professional (RN, Nurse Practitioner, EN, Podiatrist or Doctor) working with adults and performing, at least weekly, wound care procedures.

The learner will require organisational support to undertake mentor-supervised CSWD procedures within their health care setting.
