

YOU'RE INVITED TO A **ZOOM WEBINAR**

# MOISTURE ASSOCIATED SKIN DISORDERS – MASD

**WEDNESDAY 26 FEBRUARY,  
7PM – 8PM**

## **MANDY PAGEN**

*Clinical Nurse Specialist Wound Care, Health NZ | Te Whatu Ora - Southern*

## **ANJ DICKSON**

*Clinical Nurse Specialist Pressure Injury, Health NZ | Te Whatu Ora - Counties Manukau*

Join us for an engaging webinar on MASD, exploring its impact on patient comfort, skin integrity, and quality of life. Learn about the causes and types, including incontinence-associated dermatitis, and peri-wound moisture. Gain practical strategies for assessment, prevention, and treatment, focusing on evidence-based skincare protocols to improve patient outcomes.

This webinar is ideal for healthcare professionals managing leaky legs or incontinence associated moisture issues or chafing wounds

Anj is a Clinical Nurse Specialist in pressure injury prevention at Te Whatu Ora Counties Manukau with 15 years of experience. She holds a Master's degree focused on skin tone and pressure injuries and is looking forward to carrying this research on to a PhD.

Mandy is a Wound Clinical Nurse Specialist Te Whatu Ora Southern (Invercargill) with 35-years nursing experience. She holds a Masters in Health Science and Diploma in Wound Care, she is current Chair on the Pan Pacific Leg Ulcer Advisory Group.
